Improve parental attendance and engagement

Our **Parents' Evening Booking System** empowers school staff to easily organise meetings, have better conversations and make a real positive impact on pupils.

How our system **impacts schools**

Efficient scheduling

Meetings run exactly on time, with a countdown timer ensuring sessions stay on track.

Increased attendance

Break down barriers like distance and work commitments, leading to record-high participation.

Hybrid options

Easily allocate blocks of appointment times for in-person and video meetings, catering to all preferences.

Enhanced staff welfare

Offer teachers flexibility to choose their appointment times and attend virtual meetings from home if required.

Inclusive participation

Multiple parents, carers, teachers, and even translators can join the same meeting from different locations.

More efficient bookings

Precise scheduling helps reduce waiting times, while virtual appointments can completely eliminate “walking time”.

Privacy assurance

Secure virtual meetings mean conversations remain private, with no risk of being overheard.

1-to-1 flexibility

Teachers can schedule their own follow-up meetings if required, so specialised support can be offered where needed.
